Industries, acquired Broadband Services (I) in June 2010, soon after little-known firm won wide BWA spectrum at ₹12,750 crore. CAG in its draft report castigated officials of DoT for loopholes that allowed RJio to get pan-India BWA spectrum at ₹12,750 crore. CAG in its draft report had compared RJio's BWA spectrum with that of the exchequer. CAG in its draft report had also said the DoT did not raise a red flag on possible violation of confidentiality conditions in notice

to Article 14 of the constitution." The SG said that it is felt that the notional loss of ₹22,842 crore may not be sustainable. The DoT had earlier said the auction rules allowed all kind of telecom operators to participate in auction and there were no inherent limitation in providing voice service using BWA spectrum.

occasion can therefore be said to have arisen for DoT to enquire into Infotel's ability to raise funds or its proposed sources of funding," the SG opined.

The DoT had said that all decisions related to auctions were of the nature to fulfil the larger policy objectives in the interest of the economy and the government has not only the sovereign right to take policy decision but is also duty bound to take necessary steps to achieve policy objectives.
